“African PAs: reaching conservation goals”

PAPACO

Tuesday 18th Nov - 12.00 to 13.30

Hall 3A1

A giraffe with brown and white spots is shown in the foreground on the left. The background is a savanna landscape with trees and a semi-transparent blue text box on the right.

This event is organized by the
IUCN Program on African
Protected Areas (**PAPACO**)

with the financial support of
the French Agency for
Development (AfD), the
international Foundation for
the Banc d'Arguin (FIBA) and
the Biopama Project

PROGRAM

Involvement of private stakeholders

Daniel MARNEWICK

“Protecting Important Bird Areas using Biodiversity Stewardship”

Private Conservation

Nils ODENDAAL

“The NamibRand Nature Reserve, a model for private conservation”

Empowering local communities

Alasdair HARRIS

“Village by village: creating a climate of change for locally-led marine conservation in Madagascar.”

A background image of two elephants in a savanna landscape. One elephant is in the foreground, facing the viewer, while the other is slightly behind and to the right, facing away. The scene is set in a grassy field with trees in the distance under a bright sky.

Communities involvement

Inza KONE

“Community empowerment for the conservation of critically endangered primates in Côte d'Ivoire”

Resolving conflicts with wildlife

Martin MULAMA

“Wildlife-Livestock Integration : an innovative approach to conservation”

Conservation across borders in Africa

Nicholas DE GOEDE

“Best Practice Guideline on Transboundary Conservation in the Ai/Ais-Richtersveld Transfrontier Park”
