Mainstreaming Climate Change into Protected Areas Planning and Management:

Oscar Guevara ojguevara@wwf.org.co

WWF Colombia - National Parks Colombia

Where we work? (a very quick overview)

**Coastal and Marine
in the Caribbean**

**High Mountain
(Northern Andes)**

**Coastal and Marine
in the Pacific**

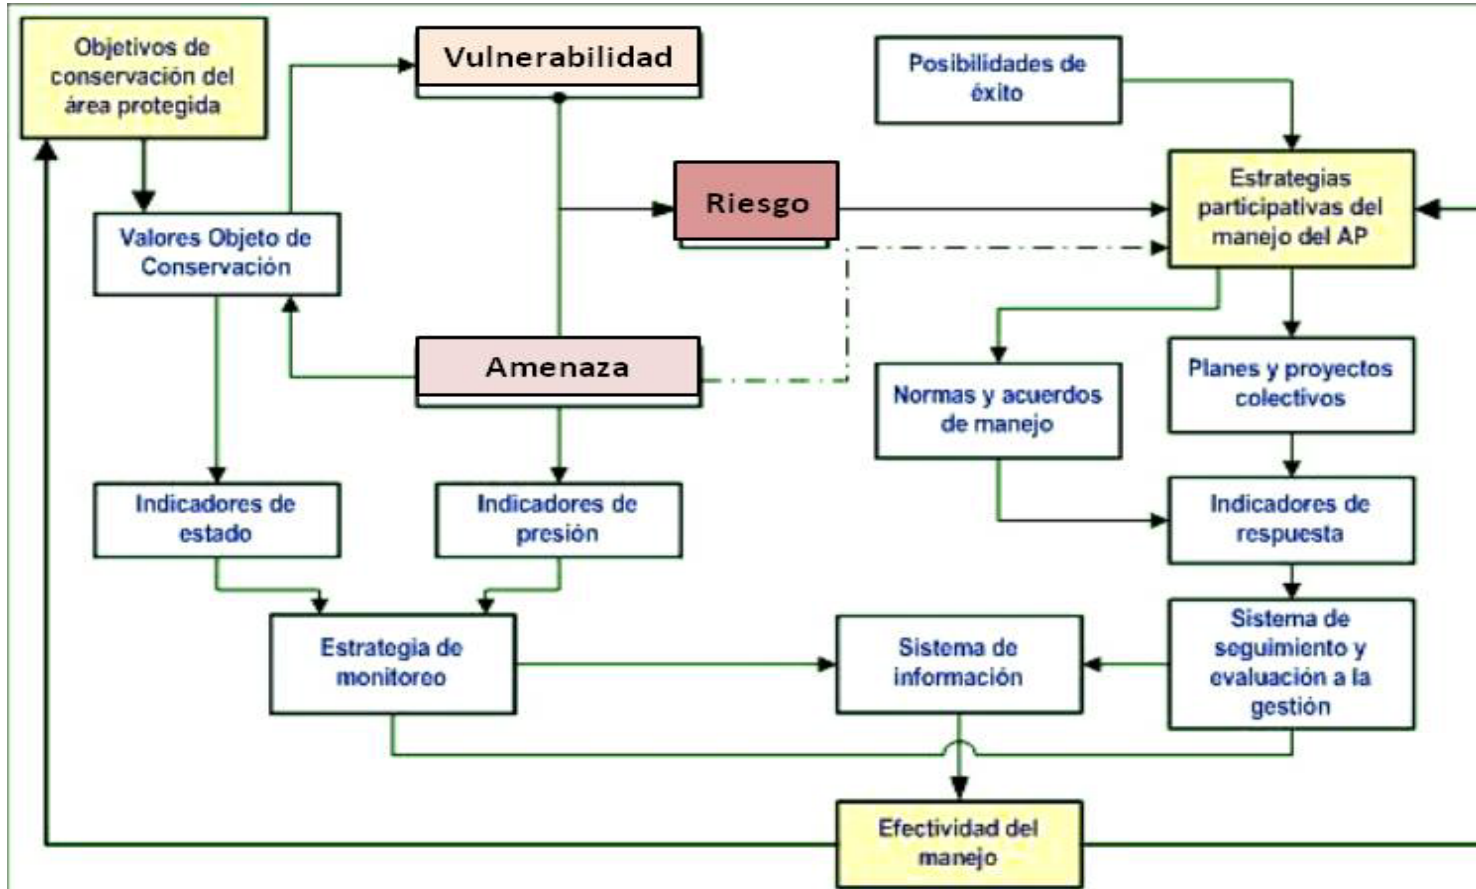

**Transition between
large conservations
landscapes**

**Amazon
(Northern Amazon)**

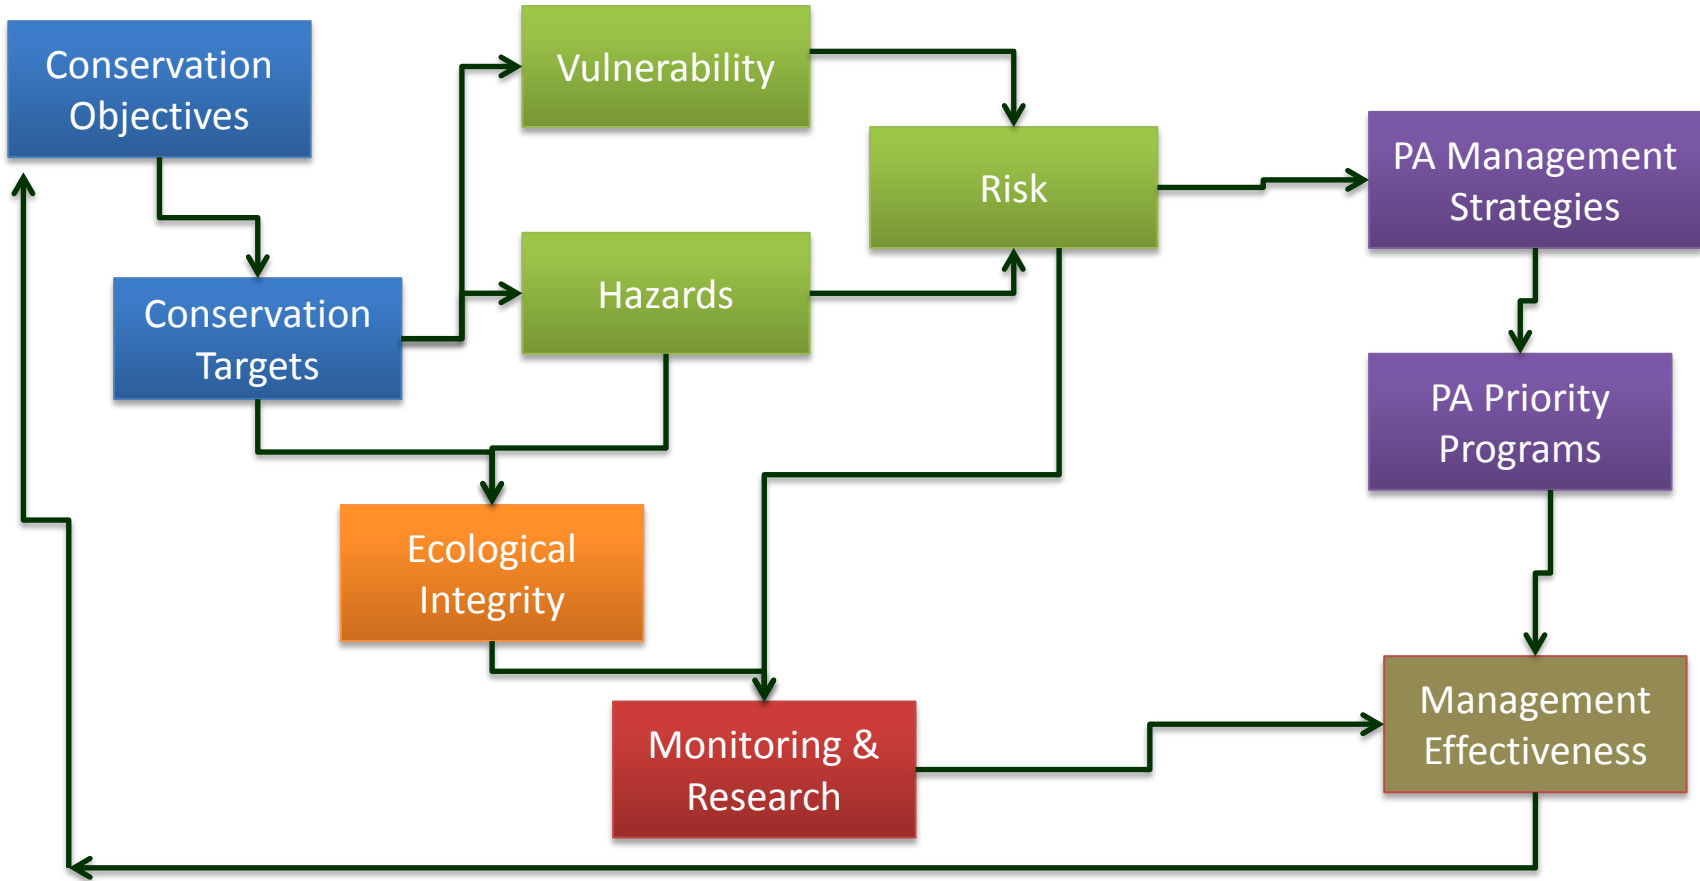

**Colombia's Protected Areas
National Parks**

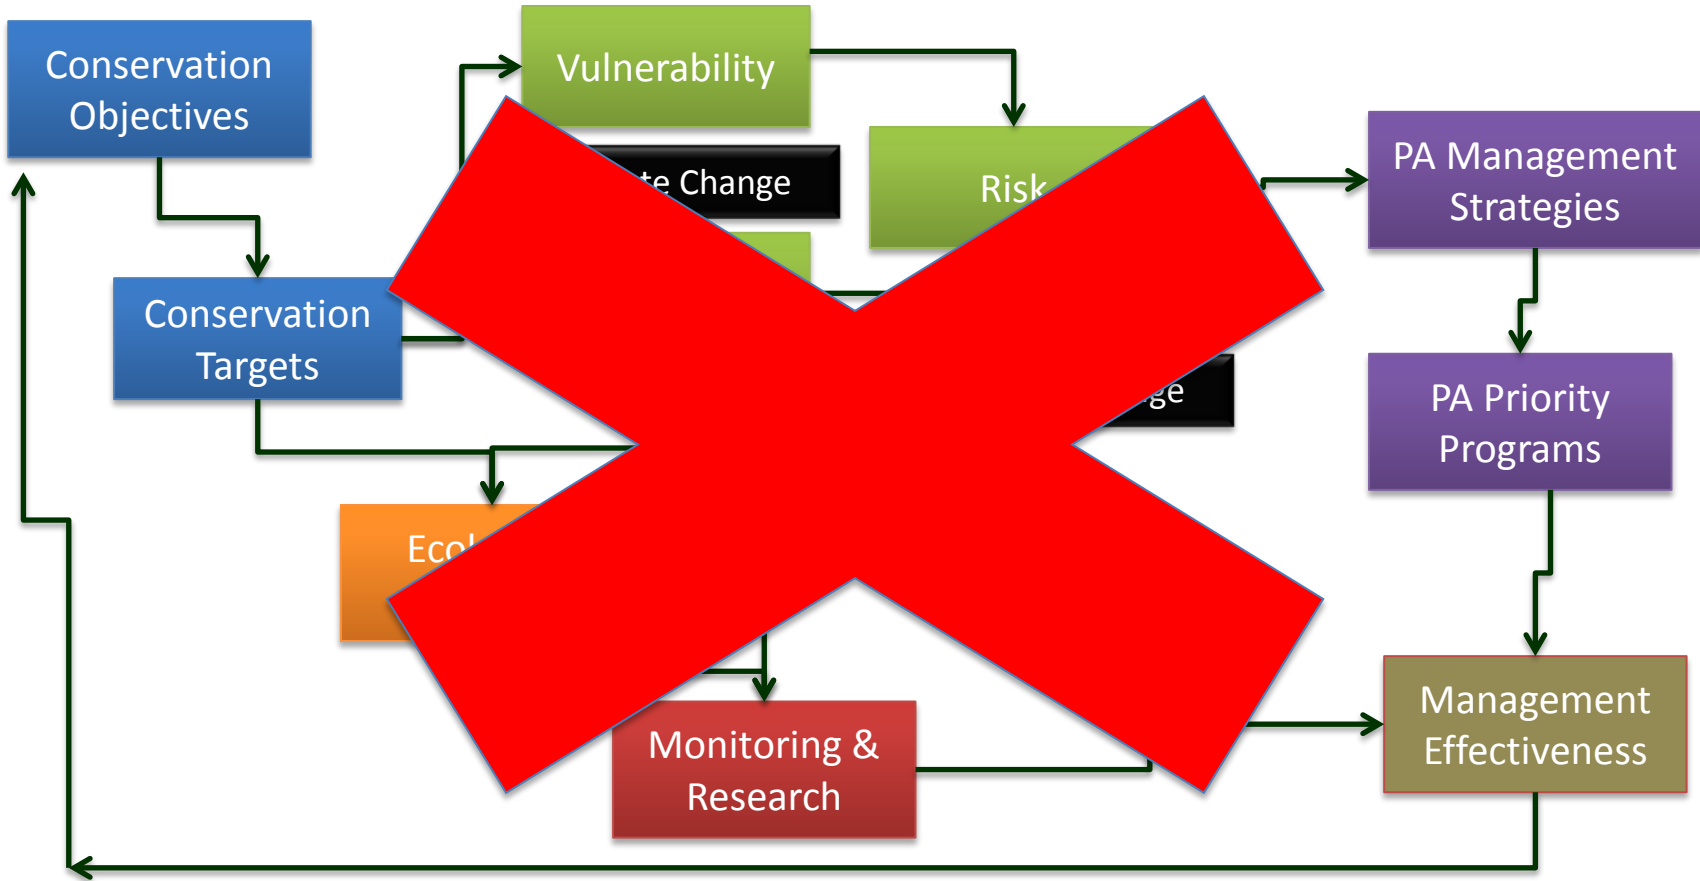

How the PA management framework looks like?

How the PA management framework looks like?

Initial vision of mainstreaming....

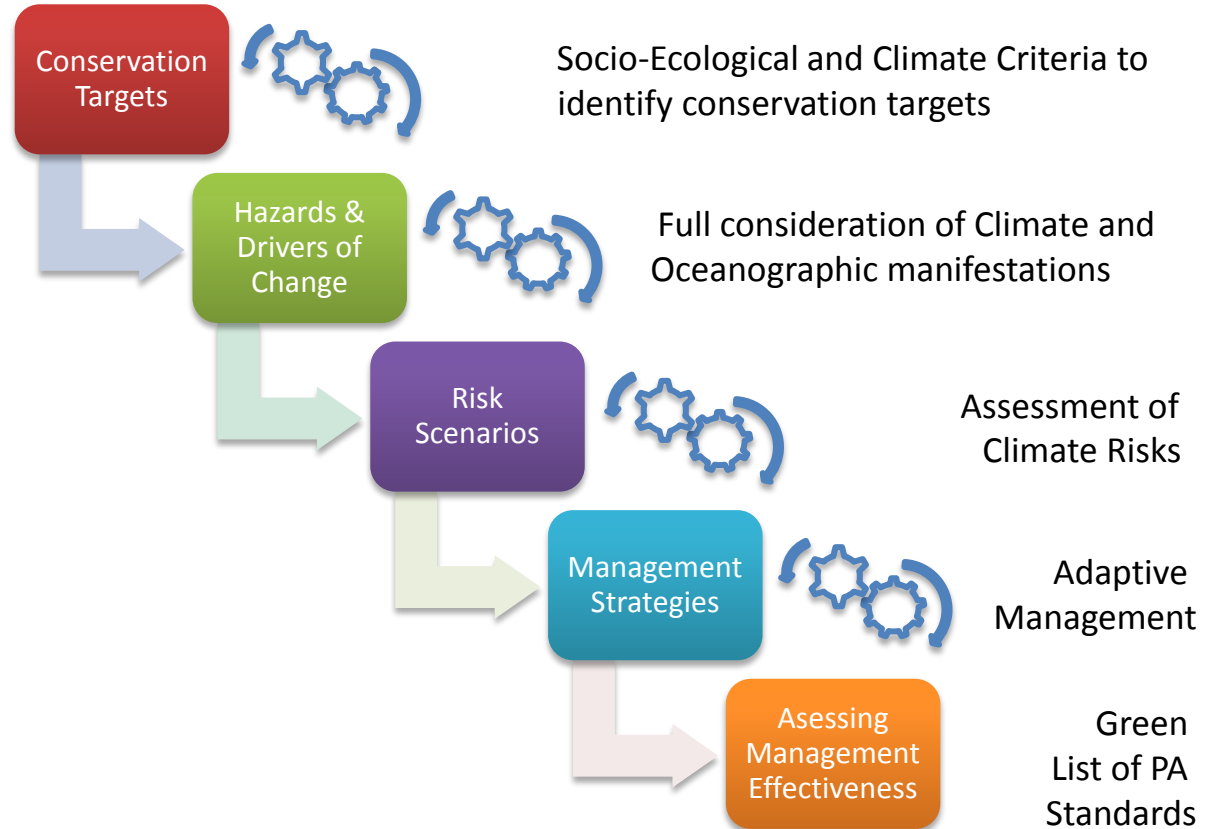

Learn & Mainstream

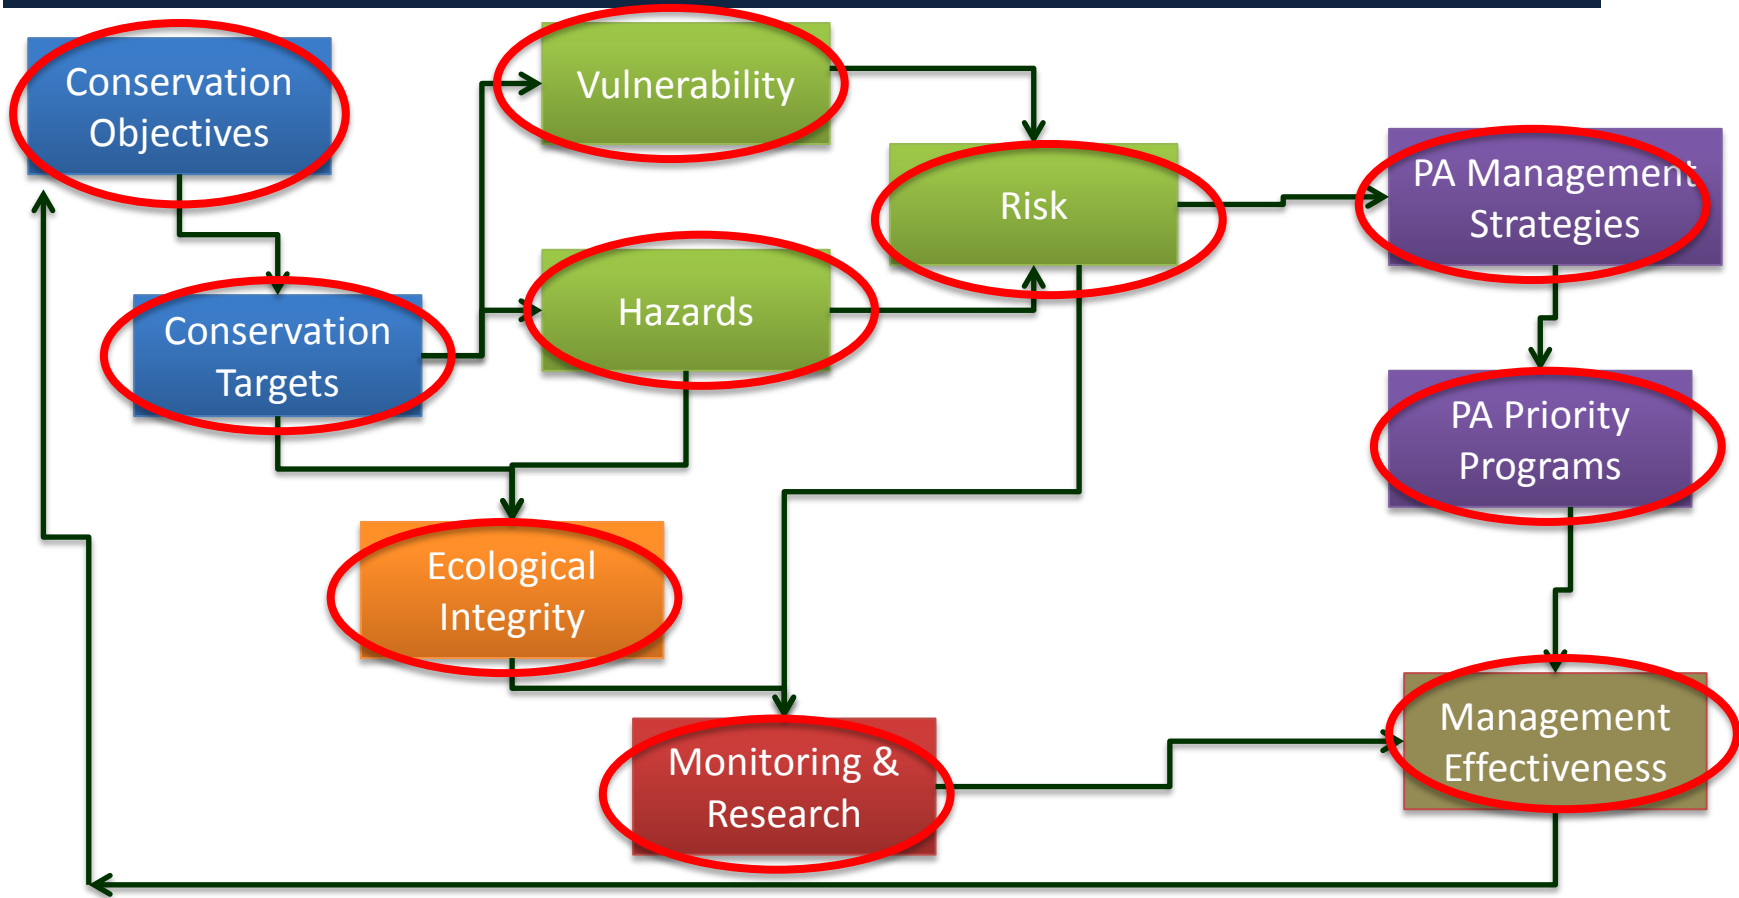

Protected Areas are an exceptional opportunity to learn and mainstream Climate Smart Conservation.

WWF Colombia and National Parks identify opportunities to Strengthen the Protected Areas Management Cycle by mainstreaming Climate Change on it

Alternative vision of mainstreaming....

Climate Compatible Protected Areas

Business as Usual
Conservation

Climate Smart
Conservation

Re-shaping conservation practice
to reflect the changing climate and
disaster context

Conservation
Management

Adaptive
Management

Enhancing Ability of Protected
Areas policies and practices to
tackle changing risks, and have
regular learning feedback loops

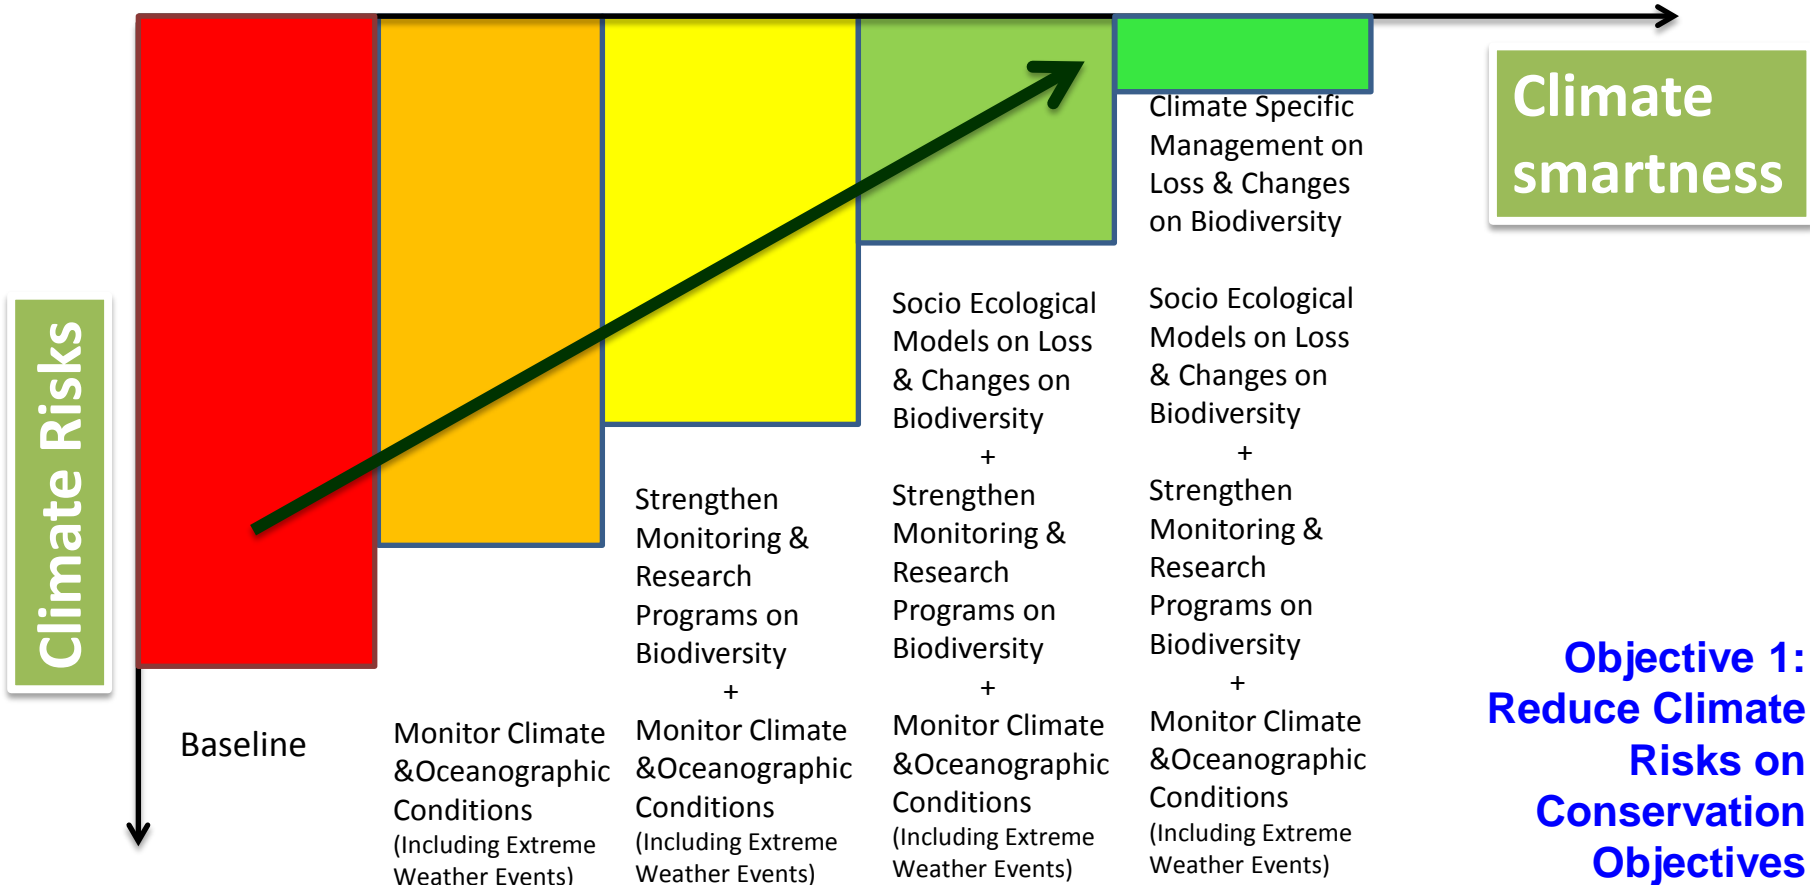

**Protected Areas are
Natural & Real
Solutions**

Address and Reduce PA's Climate

Climate Smart Conservation:

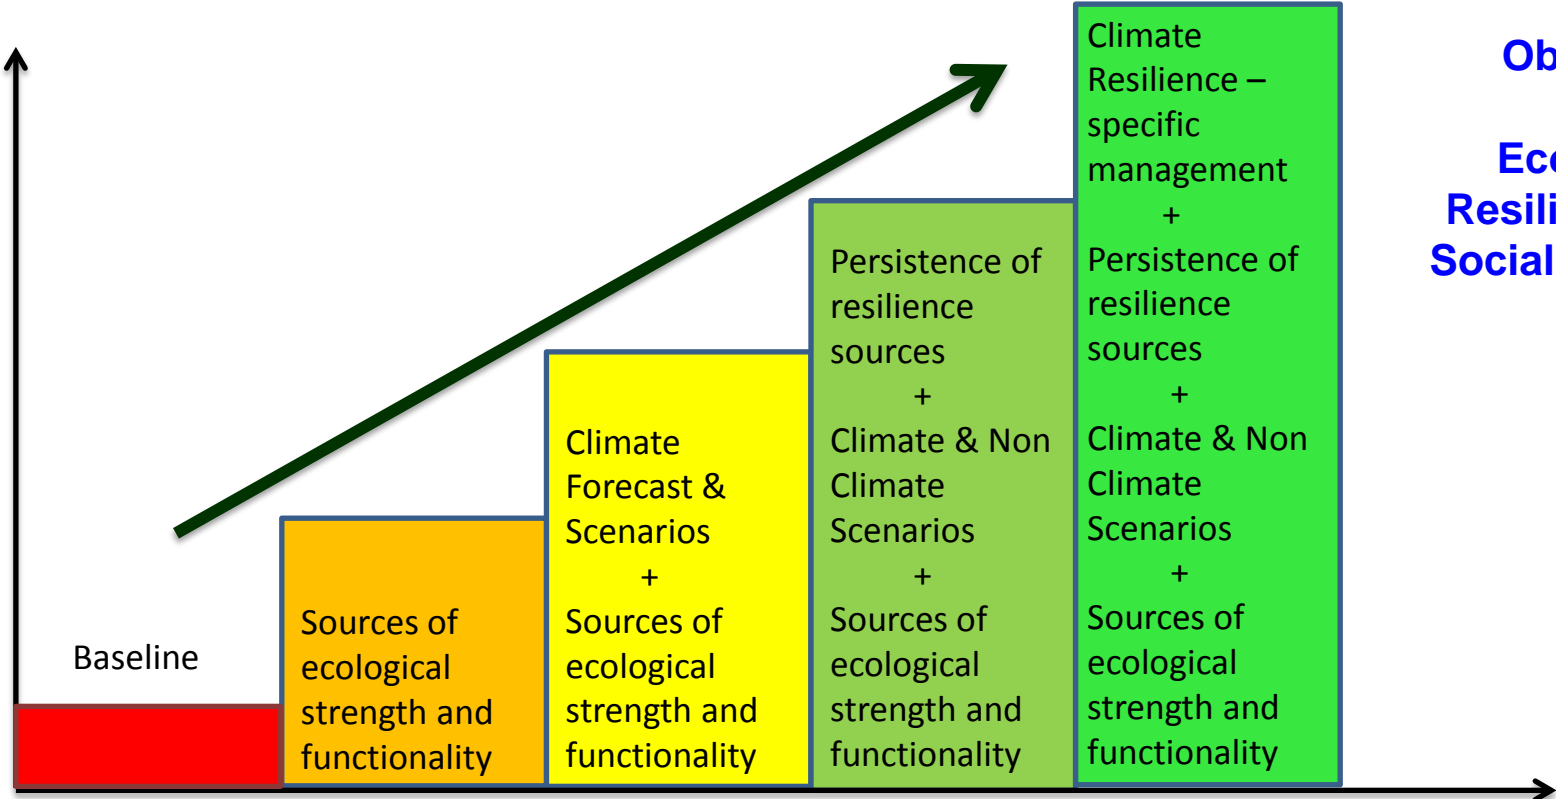

Strengthen PA's climate resilience

Climate Smart Conservation:

Climate Resilience

Climate smartness

Objective 2:
Increase Ecosystems Resilience and Social Adaptive Capacity
