

# ICCAs Indonesia

## Working Group on ICCAs Indonesia

**Annas Radin Syarif**

Aliansi Masyarakat Adat Nusantara

40,000,000

hectares customary land

69,43%

is claimed as state forest

191,093,132

hectares of land

In collaboration with 

Partner of the Ecosystem Alliance

- Indigenous Peoples have the **strongest motives and motivation** of values to protect their forest and territories .
- Indigenous Peoples have **traditional wisdoms**
- Indigenous Peoples have **customary laws**
- Indigenous Peoples have their own management of **institution**/structure.
- Many of them already united in **organization** and network to develop solidarity inter IPs, and capable to organize supports from others.

## IPs Concept on Natural Resources Management

Land is soul

Land is Mother

Land is Life

Land is blood

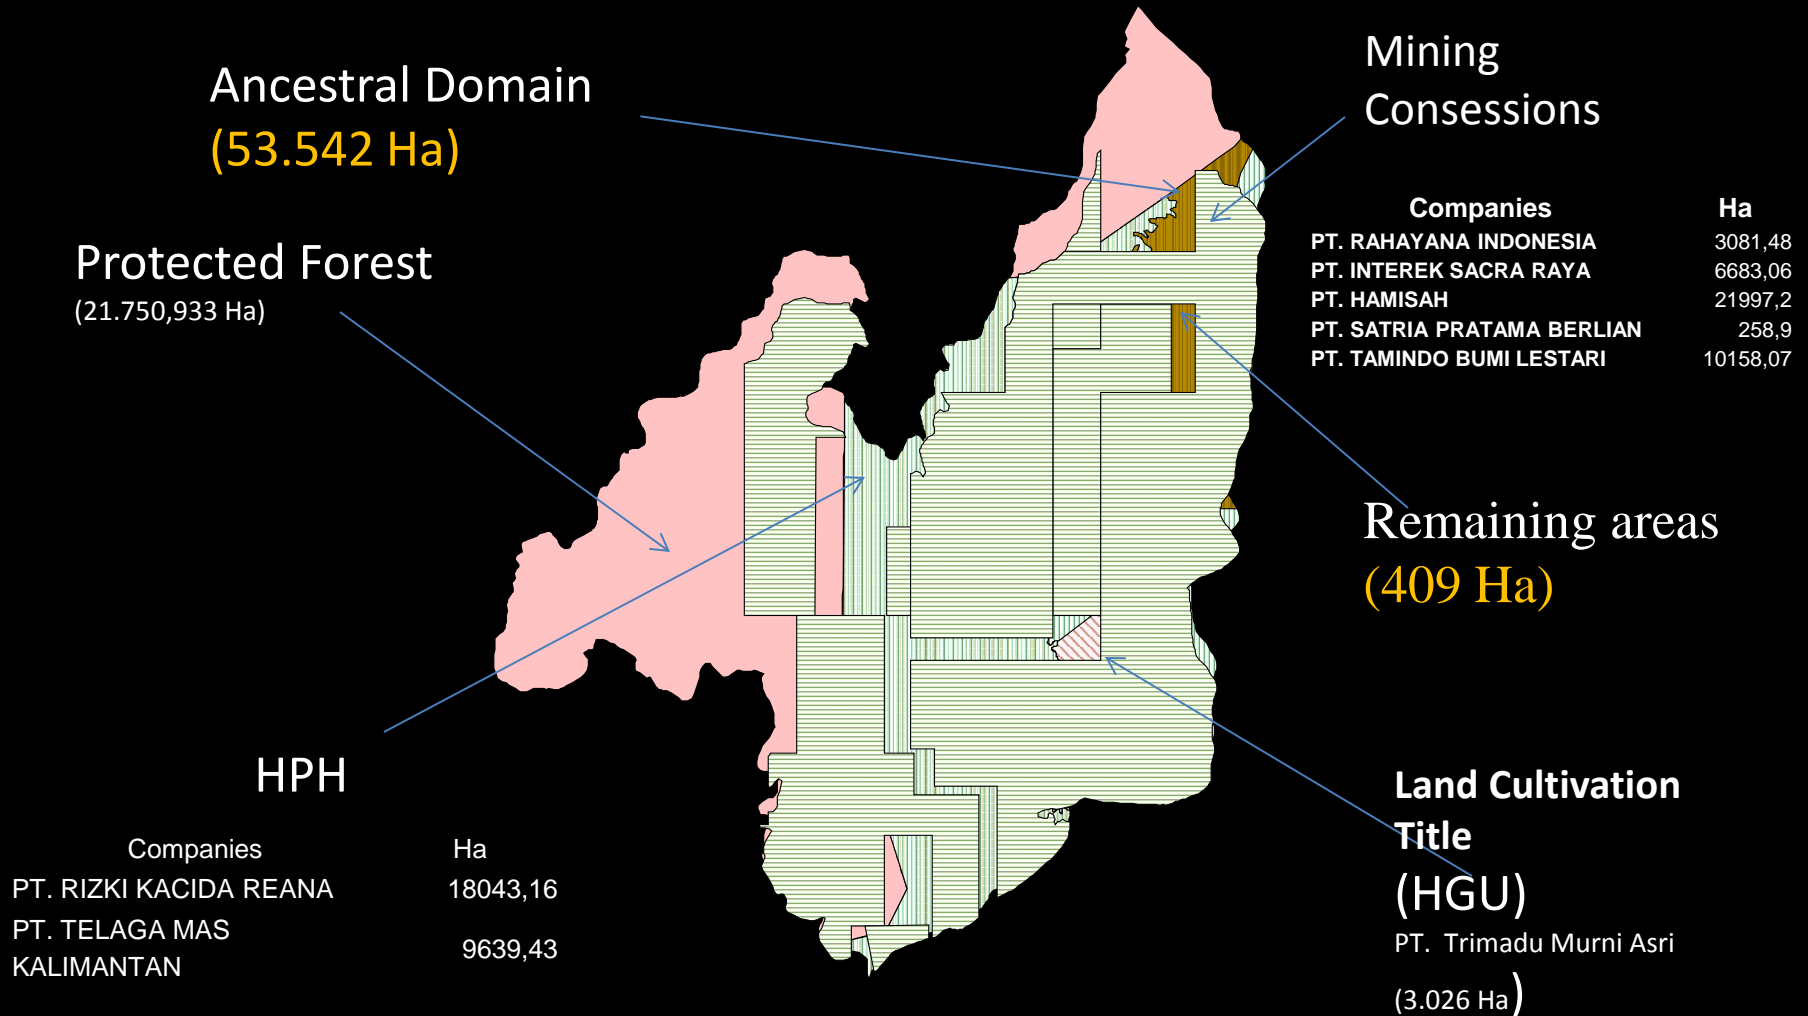

# Threats
