Workshop 3.3 : “Effective and equitable governance of the seascape”

17th Nov. 2014; 8.30 - 12:15 m

Objective

- Present **experiences and lessons learnt** from around the world
- **governance** dimensions related with **coherence, connectivity and collaboration**
- in and beyond marine protected areas and other area based measures.

The key questions

- **Coherence, connectivity and collaboration** in and beyond marine protected areas?
- Addressing **power imbalances and social inequities** across multiple governance scales?
- How to **strengthen community governance** to be able to cope with different challenges and external pressure?
- How to **address differing needs and engagement at different scales**? How to engage decision and policy makers and other actors including the private sector?
- Governance issues related to **legal framework** and how to address them?
- What would be the most inspired/inspiring **resolution** on governance of marine biodiversity that the WPC could adopt?
