Meet the cubby kids

To Cubby builders at the Starlight reserve

We are the local council bushland crew - we are responsible for the care and upkeep of this special reserve.

We have been very impressed with the dedication in creating your amazing cubby. Unfortunately we have had to remove your cubby in order to protect the safety of our trees and wildlife.

You are **not** in trouble but we would love to work with you to develop cubby spaces that you can safely care for the trees and wildlife.

We would love to meet with you to talk about the Starlight reserve. It is important for us to encourage you to keep visiting Starlight reserve but to set up your cubbies in a suitable place.
